Simple and to the point, the **Double Trouble** is a double-sided **BoomCase**, a suitcase on a musical mission. Featuring an 8" woofer and Horn mid/tweeter on each side of the suitcase, this two-sided monster puts out **100 Watts of power**. And each BoomCase design connects to any playback device (like your iPod or cell phone) with the provided 3.5mm input cable, while the rechargeable battery with power level indicator will **keep your friends dub-stepping and floor punching** for more than ten hours!
